The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claims 1, 11 and 12 recite "blends thereof, or a combination comprising at least one of the foregoing polymers". This language is indefinite. It cannot be ascertained whether applicants consider a combination as including a single polymer and whether applicants consider a blend as different from a combination of polymers.

Appropriate clarification is required.
